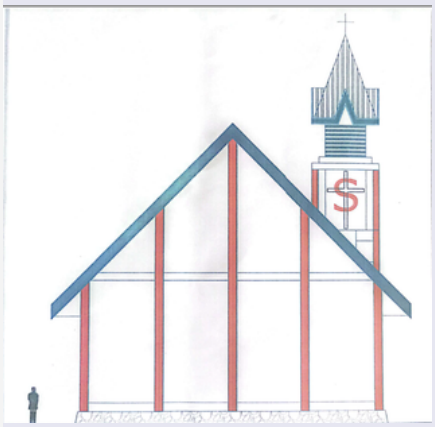
USA CENTRAL TERRITORY CENTRALMISSIONS.ORG

IMPACT REPORT THIRD QUARTER 2026

Thank you for your generous offerings to World Services/Self-Denial. Your gifts are making a global impact by funding vital projects and sustaining daily operations of Salvation Army ministries overseas. Below is a sample of the projects your offerings have funded recently. Thank you for partnering to bring hope and transformation around the world!

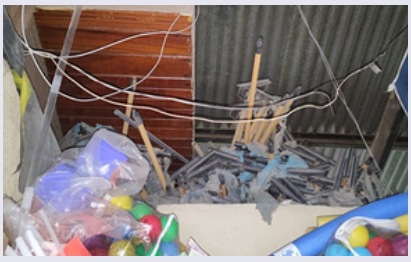


Indonesia - Completion of Corps Building

In 2015, the Koja Corps congregation began constructing a new church to accommodate the 500-650 individuals who attend church each Sunday. Over the past decade, the congregation has raised 75% of the funds required for the project. Through World Services, the USA Central Territory is providing the remaining 25% needed to complete the church and create a lasting space for worship, fellowship, and ministry.

Portugal - Flooring Project

The flooring at The Salvation Army Residential Home for the Elderly has deteriorated and no longer meets regulatory standards. This project will replace the existing floors, bringing the facility into compliance, and creating a safer environment for the residents.



Costa Rica - Electrical Upgrades

This project will replace outdated electrical wiring and breakers at a Salvation Army Day Care Center, creating a safer environment for children and improving the reliability of the facility's electrical system.

Kenya East - Roofs for Three Corps

Three corps will receive roofs through this project. While local congregations have contributed sacrificially toward construction, roofing costs often exceed local resources. These roofs will help complete the buildings and provide safe spaces for worship.
